Do's and Don'ts for new Honda owners

Service Parking	Park your vehicle on the east lot for service. There is a drop box vault for convenient afterhours check-ins
Filling up with gas	Stop filling the tank after the fuel nozzle automatically clicks off. Do not try to 'top up' the tank. Leave some room for the fuel to expand with temperature changes. If you don't, the malfunction indicator lamp may come on.
Gas cap	Screw the fuel fill cap back on until it clicks at least three times. If you do not properly tighten the cap, the malfunction indicator lamp may come on.
Radio code	Record your radio code in a safe place at home. You will need it to reactivate the radio if the power is cut off (eg: battery goes or is replaced). At times, a battery must be disconnected while the vehicle is in for service.
Manuals	Don't forget to read your owner's manual and keep it in your vehicle for quick reference.
My Honda	Honda's one stop website for all the information about your new Honda. Service history, news and events, financial account information and much more. Go to www.myhonda.ca
Honda Smartphone Link	Get started with HondaLink The Next Generation. It's time to unite your compatible smartphone and your Honda like never before, go to https://www.honda.ca/hondalink/ng/getstarted
Honda How to Videos	Our Honda Help Centre mobile web application will allow quick access to Honda "How-to" videos. The application organizes the various feature and "Get To Know Your Honda" videos by Honda model and trim for easy access. Go to http://www.torontohonda.com/video-guides/
Service Appointments	Book your service appointment on line at http://www.torontohonda.com/service/book-a-service-visit/
